

# FARMMI<sup>®</sup> FOREST

Profitable choice - since 1962

## FARMMI CH 100 F

- Good chipping and feeding with sharp knives
- Robust and simple construction
- Easy maintenance

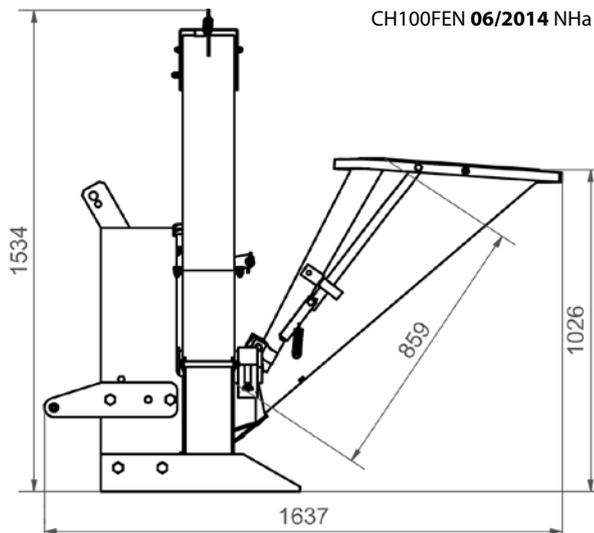

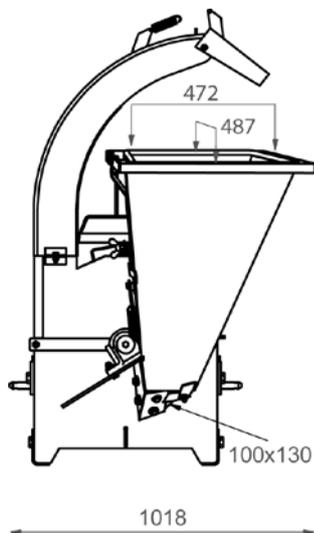

**FARMI CH 100 F** is designed as a robust and inexpensive disc chipper for landscaping to chip branches and small trees up to a diameter of 100 mm. The FARMI CH 100 F can be mounted onto a small tractor giving a compact chipping machine in gardens, parks, yards and road sides. Two knives and an anvil take care of chipping and feeding. CH 100 F chipper is available as a tractor PTO versions or as a hydraulic driven option.

<b>Kind of feeding</b>	<b>Manual</b>
<b>Application</b>	<b>Landscaping</b>
<b>Output*</b>	<b>0,5-2 m<sup>3</sup>/h</b>
<b>Thickness of chip</b>	<b>12 mm</b>
<b>Max. diameter</b>	<b>100 mm</b>
Recommended tractor power	7,5-30 kW
Speed	540-1000 rpm
Knives	2 pcs.
Chipper weight	193 kg / 210 kg
Rotor diameter	550 mm
Rotor weight	46 kg
Attachment to the tractor	3-point hitch
Discharge Pipe positions	2 (both sides)

\* Output and power demand of the chipper may vary depending on the material to be cut, the status of the knives, the chip length, the kind of feeding and speed. Sharpening the knives improve pulling in branches and chipping.

**Hydraulic Driven Option:**  
 Hydraulic Motor 50cc  
 Required pump capacity:  
 38-60 l/min, 180 bar
